## 👤 PROFILE

Front-End Developer with 3+ years of experience building high-performance web and mobile apps using React.js, Next.js, and React Native. Specialized in responsive design, API integration, and performance optimization. Successfully delivered 10+ projects for clients worldwide.

## 🎓 EDUCATION

Faculty of Information Technology, Department of Multimedia and Web Development, Islamic University-Gaza 2020 –2025| Gaza, Palestine

## 📁 Work Experience

Freelance Full Stack Developer ( Next.js & React Native ) Developer | 2024 – present

- Built responsive, interactive front-end features with Next.js to improve user engagement and performance.
- Implemented server-side rendering (SSR) and static site generation (SSG) for faster page loads and SEO optimization.
- Collaborated with clients to gather requirements and delivered customized full-stack solutions remotely.
- Optimized application performance and managed deployment pipelines using Docker and cloud services.

Front-End Developer (React.js & Next.js & React Native) | Dash Company May 2023 – October 2023

- Built reusable and scalable UI components using React.js and React Native to support web and mobile platforms.
- Enhanced SEO and user experience by leveraging Next.js features such as SSR and dynamic routing.
- Integrated RESTful and GraphQL APIs to fetch and display real-time data in the applications.
- Collaborated with UX/UI designers and backend developers to deliver seamless features aligned with business goals.

Freelance Front End Developer | 2022 – May 2023

- Delivered custom front-end solutions using React.js and Tailwind CSS for diverse client projects.
- Developed interactive web applications with dynamic forms, filtering, and search functionalities.
- Ensured cross-browser compatibility and responsive design across devices.
- Worked closely with backend developers to consume APIs and ensure smooth data flow.
- Managed version control and project deployment using Git and CI/CD tools.
